DAVIDE ULIANA

/ This painting by **Davide Uliana** is very layered and I wanted to have fun with it. The space reflects this with the varying wall textures and materials used in the styling. I kept the rest of the styling simple with clean lines and interesting shapes, with colours to reflect the artwork and ensure that it remains the focal point. /

ALEXANDRA CARTER

Wendelbo Arc **side table**, \$1,695.
Solta Homewares **cylinder pot** in fired earth, \$180.
